

Air Ambulance Card<sup>®</sup> is a membership program that flies sick or injured members to the U.S. or Canadian hospital of their choice when they're hospitalized 150 miles or more from home, domestically or internationally.

Air Ambulance Card is like an auto club, but instead of sending a wrecker to tow your car, we send a dedicated medical aircraft to move you *from any hospital to any hospital.*<sup>™</sup>

Air Ambulance Card is prepaid transportation, not insurance; our members do not pay premiums, deductibles or copays. There are no claim forms to file. Air Ambulance Card members never pay a dime more than their low annual membership fee. Our pledge to you is simple...

*We Bring You Home.*

## Peace of Mind

If you find yourself in a European hospital, a third-world medical facility or a hospital only a couple of states away, we'll fly you home to a hospital you know to be treated by the doctor of your choice.

## Protect Your Life Savings

It would cost you thousands of dollars to pay for an air ambulance flight out of pocket. You never pay a dime more than your annual membership fee, and there's no maximum dollar limit on flights.

## Protect Your Family

The Caribbean might not sound like a bad place to recover from a heart attack, but imagine the cost to your family if they had to fly down and stay in a hotel while you recover.

## You May Think You're Covered

Many standard trip insurance and credit card policies will only fly you to the "nearest appropriate facility" or "nearest U.S. facility," and only if they deem it's a medical necessity. Read their fine print, then look for ours. You won't find any. We don't have fine print. We'll fly you to any U.S. or Canadian hospital you choose.

## Live Life to the Fullest

We're glad our members seek out adventure and don't let health problems hold them back. Unlike travel insurance policies, we welcome members who've had previous health problems. We have no "pre-existing condition" limitations.

## No Fine Print

Often, travelers think they're covered for medical evacuation by their travel insurance policy, their health insurance provider or their credit card company. It's only when they wind up in a hospital a world away they realize the limitations of those plans. Air Ambulance Card has no limitations or restrictions. There is no fine print.

Please visit our website, [www.AirAmbulanceCard.com](http://www.AirAmbulanceCard.com), to download our booklet with complete membership details for your Air Ambulance Card. New members must be under age 75 and residents of the U.S. or Canada.
